

# CASE STUDY

IMAGINE | CREATE | DISPLAY

**CLIENT:**  
Aciel Geomatics / Leica Geosystems

**LOCATION:**  
SA Geotech Conference 2019 / Emperors Palace / JHB

**SCOPE OF WORK:**  
Supply of Wall with Mounting and Digikiosk

**SYSTEM SPECIFICATIONS:**  
6x2m TRIGA Max Straight Wall with 2x LCD mounts / 2x Off 1.1 x 0.6m TRIGA Max Counters / Digikiosk

## PROJECT OVERVIEW:

A long time client of Gawk, Aciel Geomatics approached us for a re-configuration of existing hardware the client owned for a smaller conference they were attending. A 6m backdrop with 2x counters was supplied to populate an allocated space of 6x3m. The open configuration of the stand allowed good traffic flow whilst at the same time showcasing the clients product brand and product range effectively.

## BENEFITS:

Client won best large stand award for the show and was naturally ecstatic with the result.
