triga go

The latest, exciting addition to the TRIGA® DISPLAY family...

TRIGA® Go is an affordable, ultra lightweight and elegant textile display solution for the quick construction of display stands, walls, towers, totems and counters.

Save on expenses and mix-and-match the standard TRIGA® Go system components in different configurations creating ever changing displays. Add on components and grow your display as your marketing requirements evolve.

A sustainable design - TRIGA® DISPLAYS offer maximum lifespan and recyclable parts. Developed to meet changing needs, users are inclined to change graphics or add components rather than discarding or replacing the unit.

TRIGA® Go EXPLAINED

A typical TRIGA® Go display will consist of a number of feet, uprights, crossbars and corner braces.

TRIGA® Go TENSIONED TEXTILE DISPLAY, is the preferred solution for creating large TEXTILE GRAPHIC displays, that are cost effective, easy to set up and transport.

Can be showcased in single or double-sided configurations.

TRIGA® Go is PERFECT for:

- Small to medium sized exhibition stands, brand walls, presentation backdrops, pop-up stores and other instore activations.
- Walls, towers, booths and totems up to 2.5m in height.
- For structures where 90-degree angles are required.
- Low or no weight bearing structures.
- Professionals with a busy travel schedule.

TRIGA® Go is exceptionally light and compact making it the perfect travel companion in terms of portability.

1 Join poles to foot plate and turn the pole to secure.

2 Join the top and bottom poles and turn the connector collar to lock.

3 Insert bottom crossbar connector into pole collar and swivel green locking button to secure the crossbar.

4 Slot crossbar into tensioner. Once the textile print is fitted, press down firmly on the top of the tensioner to extend it, resulting in wrinkle-free graphics.

5 The printed textile graphic is fitted with a plastic beading that simply slides into the groove on the crossbar.

Easy to Assemble with NO Tools or technical expertise!

Four Basic Parts

1. Poles
2. Crossbars
3. Corner Braces
4. Foot Plates
